

Do Not Use to Report - For Informational Purposes ONLY

2023 Annual Hospital Interview (AHI)

Form Approved
OMB No. 0920-0212
Exp. date 12/31/2024

Notice – CDC estimates the average public reporting burden for this collection of information as 120 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road, MS D-74, Atlanta, GA 30333; ATTN: PRA (0920-0212).

Assurance of Confidentiality – We take your privacy very seriously. All information that relates to or describes identifiable characteristics of individuals, a practice, or an establishment will be used only for statistical purposes. NCHS staff, contractors, and agents will not disclose or release responses in identifiable form without the consent of the individual or establishment in accordance with section 308(d) of the Public Health Service Act (42 U.S.C. 242m) and the Confidential Information Protection and Statistical Efficiency Act (Title III of the Foundations for Evidence-Based Policymaking Act of 2018 (Pub. L. No. 115-435, 132 Stat. 5529 § 302)). In accordance with CIPSEA, every NCHS employee, contractor, and agent has taken an oath and is subject to a jail term of up to five years, a fine of up to \$250,000, or both if he or she willfully discloses ANY identifiable information about you.

DO NOT use this worksheet to respond to the survey, it is intended to assist you with gathering and preparing your data prior to reporting online. Responses to the Annual Hospital Interview (AHI) questions must be entered into the AHI Portal in order to complete the AHI. Do not send any data through email.

The National Center for Health Statistics is inviting you to complete the Annual Hospital Interview (AHI) for the National Hospital Care Survey. The AHI is a supplemental component of the National Hospital Care Survey. Data collected on the AHI will be used for statistical purposes to produce national estimates and obtain further insight on hospitals sampled in the National Hospital Care Survey.

We want to know how many patient visits this hospital had in the emergency department, outpatient department, and inpatient department between January 1 – December 31, 2023 (calendar year 2023).

1. Was this hospital open for the full calendar year 2023?
